

Torque Wrench || BN 238742

all dimensions in millimeter

Mechanical characteristics	
Wrench size	16 mm
Uses	type 2.2-5 coupling
Preset torque	3 N·m ±0.113 N·m
material / surface finish	steel / zinc and anodize
Handling instructions	M36146
Weight, approx.	200 g
Scope of delivery	handling instructions
RoHS 2002/95/EC	compliant
